Diaa ElKhouly

Front-End developer

Professional Summary

Front-End Developer specialized in React.js, Tailwind CSS and modern UI development, with hands-on experience building 3D web interfaces, interactive portfolios, and brand-focused product pages. Strong foundation in Git/GitHub and deploying projects with GitHub Pages and Netlify. Certified by McKinsey.org Forward Program, bringing structured problem-solving, communication and teamwork skills. Background in Clinical Pharmacy, adding analytical thinking and attention to detail to software development.

Education

4th degree at Clinical pharmacy, Minia University

October 2022 - Present

Grade: 3.5

Projects

3D MacBook Landing page (React.js, Tailwind, Three.js) • ↗
- Built an interactive 3D landing page inspired by a modern MacBook product showcase.
- Implemented smooth animations and 3D visuals for an engaging user experience.
- Focused on clean structure, performance, and responsive behavior.
- Demonstrates understanding of 3D concepts applied to the web.

Cosmetics Product Pages (React.js, Tailwind) • ↗
- Designed and developed two product showcase pages for cosmetics brands as part of a university team project.
- Focused on clean UI, product presentation, and brand identity.
- Applied responsive design principles for mobile and desktop.
- Brands:
- Nefer – Cosmetics brand product page
- Cadenza – Cosmetics brand product page (inspired by the Nefer layout)

Demonstrates ability to deliver brand-focused UI and replicate designs based on client needs.
